

Manfred Rachner RD 800 P

Basic information

Name: Manfred Rachner RD 800 P

Producer:

Year: 2007

Reference number:

Opis Dodatkowy

Manfred Rachner RD 800 P Year of construction 2007

Format: 600 x 900 mm

Load capacity: 800 kg

Weight: 750 kg

new turning cylinder;

upper cylinder rebuilt;

pump and tank cleaned;

new turning valve. The stack turners for quickly and easily turning your stacks. The stack turners can be used for palletizing as well as for turning to the correct side and turning the folded stacks for gathering machines. Design features:

Stable steel frame construction

Attractive design

Undercarriage option for pallet trucks

Stable paper pads with support

Maintenance-free slewing ring and cylinder bearings

Shock-free placement of the turned stack

thanks to the end position dampened swivel cylinder

Hydraulic unlocking of the mast

Optimum working height thanks to pivot point relocation

Maximum ease of use Strengthen: Functionality

robustness

Production and operational safety

little need for space

good price/performance ratio

We provide professional service of printing machines. Thanks to the in-depth knowledge of the printing industry with which we have been associated for over 20 years, we can offer comprehensive maintenance services.
